Bulldog Battery

COMPANY AND PRODUCT OVERVIEW

About Bulldog Battery

Founded in 1977 and located in Wabash, Indiana, Bulldog Battery Corporation is a leading manufacturer of high-quality industrial batteries. Our extensive product line includes batteries for electric forklifts, order pickers, pallet jacks, AGVs (Automated Guided Vehicles), AMRs (Autonomous Mobile Robots), and more. We also offer specialized batteries, such as explosion-proof (EX) batteries, spark-proof (EE) batteries, diesel starting batteries, mine locomotive batteries, and batteries for special applications.

As a 100% Employee Owned (ESOP) company since July 2015, we operate a modern manufacturing facility with approximately 200,000 square feet of space. This setup has enabled us to maintain steady growth over the past 30+ years. Our success is a testament to our commitment to producing high-quality products, maintaining low overhead expenses, and adopting an aggressive market approach.

100% Manufactured In-House

The vast majority of our components are made internally, including all cells, trays and parts.

Rapid Precision Delivery (RPD)

Whether standard or custom, most battery orders are shipped within two weeks or less.

Less Than 1% Warranty Returns

Meaning over 99% of our batteries operate with superior quality, durability and reliability.
